## **Gender Pay Gap Statement**

From April 2017 all organisations that employ over 250 employees are required to report annually on their gender pay gap. The gender pay gap shows the difference between the average (mean/median) earnings of men and women.

Instant Healthcare UK Workforce Solutions is a leading provider of temporary and permanent health and social care professionals to the public and private sectors.

Working in partnership with clients we place more than 2,000 fully compliant professionals every week.

Instant Healthcare UK is split across various sectors, for the purpose of the gender pay gap reporting we are focusing on Doctors, Healthcare, Nursing and Social Care.

Instant Healthcare UK's workforce consists of more females than males which is typical of the Healthcare sector.

In regards to the proportions of males and females by pay quartile Instant Healthcare UK reports a marked difference in the upper quartile, this is primarily due to the Doctors division being primarily made up of male candidates.

**Objectives**

Continue to encourage diversity and support in all areas of the business. The figures set out above have been calculated using the standard methodologies and used in the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017.

UK Instant Services Ltd confirm the information in this statement is accurate.
